Advertising Information

Digital Advertising (COMING SOON)

Streaming your ads in and around the Arena, Lobbies, and Theatre.

Rink Board Advertising

One of our most popular selections, rink boards, places your brand, product, or service above the ice surface for the public to view at various seating levels, during the duration of activity on the ice.

Banner Advertising

Banners are strategically placed in high-traffic locations throughout the arena, creating a high-impact connection with visitors.

Wall Decals

Wall decals are used in high-traffic areas such as our walking track, surrounding the arena, the entrances, and hallways with high exposure to the public and players.

Door Decals

Arena glass decals uniquely display your brand to stand out. They can be placed on the glass doors entering the arena for high-impact visibility, setting your message apart from them all.

Stair Risers

Arena stair riser advertising is an innovative way to increase brand exposure at our hockey arena and is located at both entrances to the stands.
